General Information
Hawai‘inuiākea School of Hawaiian Knowledge is comprised of three units that offer an integrated curriculum leading to baccalaureate and graduate degrees, certificates, and minors in their respective units. The mission of the Hawai‘inuiākea School of Hawaiian Knowledge is to pursue, perpetuate, research, and revitalize all areas and forms of Hawaiian knowledge, including its language, origins, history, arts, sciences, literature, religion, and education; its law and society; its political, medicinal, and cultural practices; as well as all other forms of knowledge. We recognize the unique status of the Native Hawaiian people and recognize their unique connection to these forms of knowledge by encouraging, supporting, facilitating, and ensuring the incorporation of Native Hawaiians at all levels of the university. We seek to accomplish this mission with a Native Hawaiian perspective that recognizes the holistic aspects of this knowledge, its diversities, and the importance of practical applications. Our mission is to apply this knowledge to provide service and support to the Hawaiian community, as well as extending this knowledge outward from the academy and the community, into the Pacific and other international domains.

Graduate Study
Master’s Degree
The graduate program in Hawaiian is designed to provide broad, in-depth education in the Hawaiian language, culture, and literature and is an integral part of the efforts to revitalize Hawaiian as a living language. The program is designed to create scholarship in Hawaiian in new domains, including advanced study of literature; to strengthen and expand the understanding and use of various styles of Hawaiian; to develop curriculum and resources and teacher training for the Kula Kaiapuni (Hawaiian medium schools); and to provide support to graduate students in related fields. The MA in Hawaiian is intended for students who have a broad background in Hawaiian language and culture, but want more depth in their knowledge. The three areas of the curriculum that are available are:
- Mo‘olelo. The Mo‘olelo curricula focuses on Hawaiian history and literature through the analysis, critique, creation and presentation of Hawaiian language resources.
- Kumu Kula Kaiapuni. The Kumu Kula Kaiapuni curricula focuses on the educational, linguistic, and cultural tools that teachers need to perform better in Hawaiian medium schools. Students producing curriculum and developing their own teaching skills will also be able to work closely with the newly established Mary Kawena Pukui Hale: Center for the Survival and Promotion of Hawaiian.
- Kālaiʻōlelo. The Kālaiʻōlelo curricula focuses on the linguistic analysis of Hawaiian.

Credits for Previous Hawaiian Language Experience

Back Credits Policy & Procedures

Please refer to the Hawaiian and Second Language Policy on Back Credits available in the “General Education” section of the Catalog.

Definition: Back credits are credits received for previous language experience that do not qualify as transfer credits.

Eligibility: All students (including native speakers of a language and non-UH system students) with experience in Hawaiian language may be eligible to earn 3 to 16 back credits.

One Language: Back credits may be earned for ONLY ONE language and will be based on the first instance of taking a course for a letter grade in that language at UH Mānoa. A repeated or backtrack course is NOT eligible for back credits.

Students who wish to earn back credits for Hawaiian language shall:
1. Make arrangements with Kawaihuelani’s academic advisor to take the Hawaiian language placement exam.
2. Complete the Hawaiian language placement exam in order to determine the appropriate level HAW course for the student.
3. Enroll (for letter grade) in the Hawaiian language course that the student was placed into after completing the Hawaiian language placement exam.
4. Earn a grade of C or better (not C-) in the Hawaiian language course that the student was placed. Back credits will not be awarded if a student does not receive a grade of C or better for the class the student was placed. The grade of C or better must be earned on the first time the course was taken. A grade of C/NC is not eligible for back credits.
5. Make arrangements to complete forms with Kawaihuelani’s academic advisor to receive back credits. Back credits are not automatically awarded. To receive back credits, students must complete a petition form with Kawaihuelani’s academic advisor. Submit the petition form the semester after the student’s satisfactory completion of the language course, but no later than one semester before graduation.
6. Kawaihuelani’s academic advisor shall award from 3 to 16 back credits based on the course the student successfully completed with a grade of C or better. Back credits are earned with no grade assigned.

Transfer Credits Policy and Procedures

Please refer to the UH Mānoa Policy for Transfer Credits. Access: manoa.hawaii.edu/admissions/undergrad/policies.html#credits.

Definition: Transfer credits are credits received for previous language courses completed at another institute of higher education that articulate with UH Mānoa language courses. Transfer credits accepted for language courses completed at another institution of higher education are not eligible for back credits.

Eligibility: Majors and non-majors may request an evaluation of their Hawaiian language transfer credits, however, the request cannot be formally processed and approved until a student has been admitted to a program leading to a degree and has confirmed their intention to enroll.

1. Students shall submit to Kawaihuelani’s academic advisor: (a) a completed “Request for Evaluation of Transfer Credits” form available at the Office of Admissions; as well as (b) supporting documents for each course requesting to be evaluated (include syllabus, course description, final product/assignment, and textbook(s)/reading(s) used). If supporting documents are not available, the Kawaihuelani Curriculum Committee may request a short interview with students to assess their Hawaiian language proficiency and to ask them about the courses in question (what was learned, what did you do, etc.).
2. The advisor will review the transfer credit petition to assure all required forms and supporting documents (listed above) are included and will check and printout the student’s transcript on STAR.
3. The advisor will then send the entire transfer credit petition (forms, documents, and transcript) to Kawaihuelani’s Curriculum Committee for review and decision-making on a case-by-case basis. The Curriculum Committee is encouraged to include faculty with specific expertise when needed. The committee will review requests twice a semester, or as needed.
4. Possible outcomes of the committee review may include:
   a. the outside course has already been articulated with UH Mānoa, so the credits will transfer and count as the articulated HAW course;
   b. the outside course is deemed equivalent to a HAW course even though it has not been officially articulated, so the credits will transfer and count as the equivalent HAW course;
   c. UH Mānoa does not have an equivalent course, but committee finds the outside course valuable and in line with the scope/mission of the program/degree, so the credits will transfer and count for an HAW upper-division elective; or
   d. the outside course is not equivalent to an existing HAW course and does not align with the scope/mission of the program/degree so credits will not be counted towards any HAW course.
5. Final decisions of the Curriculum Committee will be communicated to the director and academic advisor, who will notify the student of the decision and guide them with finalizing the transfer credits process.

The Academic Program

Kamakakūokalani Center for Hawaiian Studies (HWST) recognizes its kuleana to nurture and educate the next generation of community leaders, teachers, and scholars who will lead Hawai‘i into the future. Kamakakūokalani offers bachelor’s and master’s degrees that reflect the breadth and interdisciplinary nature of Hawaiian knowledge. Our BA graduates have moved forward to earn advanced degrees in anthropology, art, botany, business, communications, counseling, education, engineering, English, geography, law, linguistics, medicine, ocean science, Pacific Island studies, political science, psychology, social work, theater, and urban and regional planning.

In Fall 2005, we inaugurated our MA program to offer students an opportunity to pursue their interests while deepening their scholarly abilities. The master’s of art degree builds on the BA program’s areas of concentration. It addresses crucial issues such as the sustainability and resource management of the environment that is consistent with the geography and history of Hawai‘i, indigenous pedagogy and epistemology, and a political and governmental infrastructure for a Hawaiian nation. The MA also provides professionals in government, law, criminal justice, education, social work, and various health fields, the specialized knowledge in Hawaiian history and culture needed to adequately serve an array of communities.

Our BA and MA programs consist of five areas of concentration:

1. Hālau o Laka: Native Hawaiian Creative Expression
2. Kūkulu Aupuni: Envisioning the Nation
3. Kumuhāwai: Comparative Hawai‘inuiãkea and Indigenous Studies

Graduate Study

Master's Degree

The MA in Hawaiian Studies features an interdisciplinary curriculum that draws from faculty strengths in indigenous knowledge as well as other academic fields. Some examples of faculty expertise in Native practices include oli, music, fiber arts, voyaging, and navigation. Our faculty members’ expertise also covers a wide spectrum of other academic fields that include poetry, political science, history, geography, education, and natural sciences.

The graduate chair offers continuous administrative assistance and academic advising as needed. Academic benchmarks include but are not limited to: development of critical thinking and analytical skills; theoretical foundations for interdisciplinary studies; grounding in and application of Native practices particular to individual interests.

Prerequisites

The following are prerequisite courses for applicants who are not BA degree recipients of Kamakakūokalani Center for Hawaiian Studies. Students taking these prerequisites may enroll concurrently in graduate level Hawaiian studies courses with consent of instructor. Significant contexts for analysis and critical thinking are based in the measurable teaching objectives and learning outcomes of these courses. They represent the educational foundations of our field:
- HWST 107/107A Hawai‘i: Center of the Pacific
- HWST 270 Hawaiian Mythology
- HWST 341 Hawaiian Genealogies
- HWST 342 Chiefs of Post-Contact Hawai‘i

And one of the following to complete the 15 credits of course prerequisites:
- HWST 343 Myths of Hawaiian History
- HWST 390 Issues in Modern Hawai‘i
- HWST 490 Senior Seminar in Hawaiian Studies

Applicants to the MA program must have satisfactorily completed HAW 302 or the equivalent at the time of entry. All MA students will complete the fourth level (HAW 402) of Hawaiian language by graduation.

Degree Requirements

There are four core classes that all MA students are required to complete. They form the foundation of the MA program:
- HWST 601 Indigenous Research Methodologies
- HWST 602 Hawaiian Archival Research
- HWST 603 Review of Hawaiian Literature
- HWST 604 Writing a Hawaiian Thesis

Areas of Concentration

Hawaiian Studies MA candidates will choose two of the five areas of concentration to focus their research. Candidates will be required to integrate the two areas of concentration in a single thesis (Plan A) or non-thesis project (Plan B). The areas of concentration are:
- Hālau o Laka: Native Hawaiian Creative Expression
- Kūkulu Aupuni: Envisioning the Nation
- Kumu Kahiki: Comparative Hawai'i/Inui'iakea and Indigenous Studies
- Mālama 'Āina: Hawaiian Perspectives on Resource Management

Ka Papa Lo`i o Kānewai (Kānewai) is a Hawaiian cultural research and outreach program organizationally housed in Hawai`inui`kea School of Hawaiian Knowledge at UH Mānoa. In the ahupua`a (traditional land division) of Waikiki, Kānewai is the only centrally located venue in Honolulu that provides a culturally place-based experiential learning center and a pu`uhonua (sanctuary). Kānewai provides a venue for Hawaiian and Pacific cultural activities with hands-on experiences via experiential learning curricula and lessons.

In 1980, several students from UH Mānoa re-discovered the abandoned `auwai (irrigation ditch) at Kānewai and restored its flow of water, after which they planted the kalo (taro) and other native plants in the areas surrounding the lo`i (taro patch). With the “Hawaiian Renaissance” movement taking shape, they started the “Ho`okahewa`i Ho`oulou `Āina” project based on the philosophy “make the water flow, and the land will be productive,” which was initiated by the Hui Aloha `Āina Tuahine Hawaiian language club. Along with the guidance of kūpuna (elders) such as Uncle Harry Kūnihi Mitchell and Anakala Eddie Kaanana, the traditional practices have been perpetuated for future generations to experience.

By serving as a cultural resource center, Kānewai focuses its work on perpetuating and preserving Native Hawaiian customary and traditional practices of natural resource management. As such, Kānewai engages a number of different constituencies with varying interests ranging from research and inquiry to experiential learning opportunities for students. Among these diverse partners are: Native Hawaiian communities and organizations; Hawai`i’s diverse local communities; Asian and Pacific Island organizations; classes, faculty, staff, and students from the various UH campuses; Hawai`i-wide taro growers; ethnobotanical experts; and private and public educational institutions.

Every “First Saturday” of the month (except for January), Kānewai hosts participants from the UH System, other educational institutions, community groups, and the general public to engage in mālama `āina at the lo`i and the surrounding māla (gardens). These “hands-on” activities help to grow an individual’s understanding of the ha`awina (lessons) that is offered at Kānewai, along with conversing with Hawaiian language speakers, while contributing to the health and well-being of Kānewai.

As part of its research and dedication to perpetuating Hawaiian `ike, Kānewai maintains a number of traditional Hawaiian varieties of kalo, teaches kalo farming and traditional resource management courses in conjunction with Kamakakūokalani Center for Hawaiian Studies, and also hosts Mālama Hāloa, an annual symposium on kalo every Spring semester.

Because Kānewai receives approximately 15,000 visitors a year, it has formed a partnership with the Kamehameha Schools’ `Āina ʻUlu program. Through this partnership, Kānewai opened a sister site in Punalu`u, within the Ko`olauloa district of O`ahu, which provides an alternative site for participants to experience lo`i and thereby maintaining a sustainable level of use at Ka Papa Lo`i o Kānewai.
