

SCHOOL OF NURSING AND DENTAL HYGIENE

Administration

Webster 402
2528 McCarthy Mall
Honolulu, HI 96822
Tel: (808) 956-8522
Fax: (808) 956-3257
Web: www.nursing.hawaii.edu

Dean: Mary G. Boland
Associate Dean for Academic Affairs: Clementina Ceria-Ulep
Associate Dean for Research: Kristine Qureshi

General Information

The School of Nursing and Dental Hygiene (SONDH) offers programs to prepare students for careers in nursing and dental hygiene primarily for the state of Hawai'i and the Pacific Basin.

The Department of Nursing offers programs leading to the bachelor of science, master of science, DNP, and PhD nursing degrees. The department admits students to the undergraduate program both directly from high school and after completion of nursing pre-requisites and UH Mānoa General Education Core requirements. The school admits students to the graduate program with a bachelor's degree or higher.

The Department of Dental Hygiene offers the bachelor of science degree. The program admits students both directly from high school and following completion of dental hygiene prerequisite courses and the majority of UH Mānoa General Education Core requirements.

Vision

The leader in nursing and dental hygiene education and research in Hawai'i with outreach to Asia and the Pacific Basin.

Mission

The SONDH mission is to provide an innovative, caring, and multicultural environment in which faculty, students, and staff work together to generate and transmit knowledge, wisdom, and values to promote quality of life and health for present and future generations. To better reflect Hawai'i's unique cultural diversity and heritage, the SONDH is

committed to increasing the representation of Native Hawaiian and other under-served people in all nursing and dental hygiene programs.

Degrees and Certificates

Bachelor's Degrees: BS dental hygiene, BS nursing

Master's Degrees: MS nursing

Doctoral Degree: PhD, DNP

Dental Hygiene

Hemenway Hall 200-B
2445 Campus Road
Honolulu, HI 96822
Tel: (808) 956-8821
Fax: (808) 956-5707

Faculty

K. Osada, RDH, MEd (Chair)—dental hygiene
M. Arucan-Masunaga, DDS—dental hygiene
P. Ching, RDH, MEd—dental hygiene
A. Colby, DDS, MS—periodontology/dental anesthesia
L. Fong, DDS, MS—periodontology
N. Fong, RDH—dental hygiene
P. Fujimoto, RDH, DDS—oral pathology
G. Lau, RDH, MEdT—dental hygiene
M. Lau, RDH, MEd—dental hygiene
K. Nakasone, RDH, MEd—dental hygiene
M. Oishi, DDS—dental materials, oral histology
J. Omori, RDH, MPH—dental hygiene
P. Sunahara, RDH, MEd—dental hygiene
P. Terrado, RDH, MEd—dental hygiene
L. Yamada, DDS, MEd—periodontology

Degree Offered: BS in dental hygiene

The Academic Program

The Department of Dental Hygiene at UH Mānoa offers the only baccalaureate dental hygiene educational program in the state. It offers the preparation required by dental hygienists to provide oral health care and education to the people of Hawai'i, the continental U.S., and the Pacific-Asia region.

The bachelor of science in dental hygiene offers professional training, a foundation for personal and professional development, and preparation for graduate study. Students completing the degree in dental hygiene qualify for admission to the national and regional dental hygiene examinations for licensure to practice dental hygiene in private, public health, and other dental hygiene settings.

Hawai'i State Center for Nursing.....	529
UH Translational Health Science Simulation Center	532

Accreditation

The dental hygiene program is accredited by the Commission on Dental Accreditation, American Dental Association.

Each program accredited by the Commission on Dental Accreditation must post the Notice of Opportunity and Procedure to File Complaints with the Commission on Dental Accreditation. A copy of the appropriate accreditation standards and/or the Commission's policy and procedures for submission of complaints may be obtained by contacting the Commission at: 211 East Chicago Avenue; Chicago, Illinois 60611; Tel: 1 (800) 621-8099, ext. 4653.

Advising

Department of Dental Hygiene
Hemenway Hall 200-B
Honolulu, HI 96822
Tel: (808) 956-8821
Email: uhmdh@hawaii.edu

Academic advising is provided by faculty of the Department of Dental Hygiene. Potential applicants as well as students in need of advising should call for appointments.

Graduation

All enrolled dental hygiene students are advised to meet with a faculty advisor regarding their progress toward their degree to ensure that all requirements are met at least two semesters before the scheduled graduation date.

An application for graduation must be submitted with a degree fee to the Cashier's Office, QLCSS Room 001. This should be processed during the first three weeks of the semester the student intends to graduate.

Honors and Awards

Dental Hygiene Faculty Award

An outstanding dental hygiene student who has maintained high scholarship and made contributions to the department is recognized by the faculty of the Department of Dental Hygiene at graduation.

Sigma Phi Alpha

Alpha Kappa Chapter of Sigma Phi Alpha is the national dental hygiene honor society at UH Mānoa. Senior dental hygiene students who rank high in scholarship and character and exhibit potential qualities for future growth are recommended by faculty members for election to membership.

Undergraduate Study

The Department of Dental Hygiene's undergraduate program provides two pathways to the bachelor of science degree:

- High School Direct Entry into Dental Hygiene (HS-DEDH) Pathway
- Traditional Dental Hygiene Pathway

Applicants are strongly advised to attend an informational session at the School of Nursing and Dental Hygiene before submitting an application to the program. For more information, please visit the SONDH website at www.nursing.hawaii.edu/dentalhygiene.

High School Direct Entry into Dental Hygiene (HS-DEDH)

For high school graduates

This pathway is designed for high school seniors and provides an opportunity for admission into UH Mānoa and the Dental Hygiene program directly after high school graduation. The student admitted to the Direct Entry in Dental Hygiene (DEDH) program is given reserved seating in a cohort-based learning community of 18-19 credits of prerequisite course work and begins dental hygiene courses as a sophomore and graduates with the BS degree in 4 years. Students may add course work to their learning community, but not omit courses.

Admission Requirements

To qualify for admission to the Dental Hygiene Program, applicants must meet the following requirements:

1. Minimum Exam Scores
SAT: Critical Reading–510 and Math–510 or
ACT: Reading–22 and Math–22
2. Minimum cumulative high school GPA of 3.0 at the end of the junior year of high school.
3. Top 40% of the high school graduating class.
4. Interview with the Dental Hygiene Admission Committee.

Continuation Requirements

With successful completion of the freshman year including prerequisite dental hygiene course grades the student is automatically admitted to the BS in dental hygiene program. In order to retain status as a Direct Entry Dental Hygiene Program student, the following conditions must be met:

- Minimum GPA of 3.0 in all freshman year college course work
- Minimum grade of C in all program course work

*Note: Admission to DEDH will not be deferred. Students wanting to begin the dental hygiene program at a later time will follow the regular admissions requirements.

Students Who Don't Meet the Admission Requirements For The DEDH Program

If a student is interested in the dental hygiene program but is not eligible for the DEDH program, the student can enter UH Mānoa as a pre-dental hygiene student and apply in fall for the freshman year for admission to the traditional dental hygiene pathway.

Application Deadline and Requirements

January 5 (Fall admission only)

Applicants must submit transcripts, if applicable, and photocopy of grades if enrolled in courses at any community college or other university during the summer immediately preceding the semester of entry to the program.

All documents, including the UH System application (apply.hawaii.edu) and Dental Hygiene application (www.nursing.hawaii.edu/dentalhygiene/howtoapply), must be received by the Office of Student Services no later than the deadline. It is highly recommended that the UH System Application be submitted 4-6 weeks prior to the SONDH deadline in order to allow ample processing time in the Office of Admissions. Applications received after the deadline will not be accepted. For more information, please visit our website at www.nursing.hawaii.edu.

Traditional Dental Hygiene–BS in Dental Hygiene Pathway

For current UH Mānoa and transferring college students

The Pre-Dental Hygiene designation is available for students planning to pursue program admission at UH Mānoa. The Pre-Dental Hygiene designation does not guarantee admission to the dental hygiene program. A separate application and review is required for admission to the bachelor's in dental hygiene program.

This baccalaureate dental hygiene pathway admits students to the bachelor of science program following completion of a minimum of 29 semester credit hours of prerequisite and the majority of general education courses.

Admission Requirements

To qualify for admission to the Dental Hygiene Program, applicants must complete the following requirements:

1. Admission to UH Mānoa
2. Minimum cumulative GPA of 2.5; inclusion of prerequisite science courses GPA
3. Prerequisite courses or equivalents: PHYL 103/103L; BIOC 241; MICR 130/140L; FSHN 185; COMG 151; ENG 100; SOC 100; PSY 100
4. Near completion of general education courses required for UH Mānoa graduation
5. Recommend completion of PHRM 203; PSY 225 (or equivalent)
6. Interview with the Dental Hygiene Admission Committee.

There is a path for those students interested in completing a baccalaureate degree, who have graduated from an associate degree or certificate program. To qualify, the applicant must complete the following requirements:

1. Admission to UH Mānoa
2. Minimum cumulative GPA of 2.5; inclusion of pre-requisite science courses GPA
3. Minimum DH GPA of 3.0
4. Passed the National Board Dental Hygiene Examination
5. Completion of courses equivalent to: DH 361, DH 370, DH 389, DH 390/391
6. Near completion of UH Mānoa general education courses
7. Interview
8. Certified in the administration of intra-oral anesthesia (including regional blocks)

Application Period

December 1 through **February 1** for the upcoming fall semester. Students are admitted only during the fall semester.

Transfer applicants from other universities and colleges/schools must complete the UH System Application form and submit the form to UH Mānoa Office of Admissions. Students enrolled as classified day students at UH Mānoa during the semester immediately preceding the semester of desired entry must complete the Curriculum Transfer Request and the Department of Dental Hygiene application forms.

Applicants must submit transcripts, if applicable, and photocopy of grades if enrolled in courses at any community college or other university during the semester immediately preceding the semester of entry to the program.

Advanced Professional Certificate in Expanded Function Dental Hygiene in Pediatrics (EFDH)

The UH Mānoa School of Nursing and Dental Hygiene offers recent graduates from the Bachelor in Science Dental Hygiene Program an opportunity to expand their knowledge, improve oral health outcomes for children, and practice skills in the area of pediatrics with a focus on children 0-5 years of age. This 16 credit (450 clinical hours) full-time Expanded Function Dental Hygiene (EFDH) certificate program is a cohort-model designed to be completed in 9 months. Due to the rigors and scheduling of the program, students are advised not to be employed during the program.

Clinical experiences will provide hands-on care of pediatric patients in the community using standard office dental equipment as well as mobile dental equipment in various community settings. EFDH graduates will gain a competitive advantage for employment opportunities in pediatric dental practices, school-based health centers, and other non-traditional sites.

Admission Requirements

The EFDH certificate program is open to recent graduates from the Bachelor in Science Dental Hygiene Program from UH Mānoa. Students accepted into the program must pass the state and national dental hygiene board certifications prior to entering the fall semester classes. It is highly recommended that students currently enrolled in the Bachelor in Science Dental Hygiene Program contact a dental hygiene advisor before graduation for information on the program.

Admission is based on specific written criteria, procedures and policies. Criteria include the following minimum requirements:

1. Cumulative GPA at UHM: 3.0 or higher on a 4.0 scale
2. Official transcript
3. Individual interview

Application Deadline and Requirements

Students must submit applications to both UH Mānoa Undergraduate Admissions (\$70) and UH Mānoa Dental Hygiene (\$0).

Office of Admissions
University of Hawai'i at Mānoa
(808) 956-8975
uhmanoa.admissions@hawaii.edu
manoa.hawaii.edu/admissions/undergrad

UH Mānoa Dental Hygiene
Kristine Osada, RDH, BS, Med
Department of Dental Hygiene Chair and Instructor
(808) 956-8821
kmsato@hawaii.edu

Applications must be received by April 1 at 6:59 p.m. HST or 11:59 p.m. EST

Health Certification and Other Requirements

Prior to enrollment, accepted students must provide evidence of sound health and meet other requirements as follows:

1. CPR Certification (BLS for Healthcare Providers Course);
2. TB Clearance (Department approved);
3. Immunizations for Tetanus/Diphtheria/Pertussis (TdPa) and annual Flu vaccine;
4. Laboratory evidence (positive titer) of immunity to Hepatitis B, Mumps, Rubella (Measles), German Measles and Varicella (Chicken Pox);

5. Health insurance; and
6. Malpractice insurance of \$1 million per incident/\$3 million aggregate

All requirements must be cleared before registration by presenting photocopies of CPR certification, health insurance policy (card), titer results, Health Clearance Form (vaccination record), and TB clearance to the Department of Dental Hygiene. Students with prerequisite deficiencies may not register for or attend laboratory or clinical classes.

Students must take a tuberculosis screen test or chest x-ray as required. Dental hygiene students who have not taken a TB skin test within the last year must take the two-step TB test. CPR certification must be current.

Students are required to have health insurance. Student medical insurance plan information may be obtained through the University Health Services at (808) 956-8965.

Students enrolled in dental hygiene clinical courses have the potential for exposure to communicable diseases and may sustain injuries in the clinical setting. Limited emergency care will be rendered onsite. Students are financially liable for all care received, including emergency room charges.

Note: All certifications and requirements must be kept current for the duration of program enrollment.

Financial Consideration

Significant costs (e.g., professional education fee; purchase of instruments, supplies, uniforms, and books; examination fees, etc.) not related to tuition and housing are associated with dental hygiene education. The estimated additional cost over a period of three years in the dental hygiene program is approximately \$14,000, excluding the professional education fee. Students are encouraged to make appropriate financial arrangements.

Note: School of Nursing and Dental Hygiene students pay a higher fee at registration.

Varied Schedules

Dental hygiene students are expected to participate in clinical experiences at various scheduled times. Therefore, students must make time and arrangements to accommodate a modified daily schedule.

Continued Registration

The minimum academic requirements of UH Mānoa apply to all dental hygiene students. In addition, students must maintain a minimum GPA of 2.0 for all registered credit hours in dental hygiene courses to continue registration in the dental hygiene program.

BS in Dental Hygiene

Students must complete the following:

- General Education Core requirements (see the “Undergraduate General Education Requirements” section in the *Catalog*)
- Pre-requisite requirements
- Dental Hygiene major requirements
- Other major requirements and electives

General Education Core Requirements

- See the *Catalog*

Pre-requisite Requirements

- BIOC 241 Fundamentals of Biochemistry (3)
- COMG 151 Personal and Public Speech (3)

- ENG 100 Composition I (3)
- FSHN 185 The Science of Human Nutrition (3)
- MICR 130 General Microbiology (3) and MICR 140L Microbiology Laboratory (2)
- PHY 103/103L Human Physiology and Anatomy/Physiology and Anatomy Lab (5/1)
- PSY 100 Survey of Psychology (3)
- SOC 100 Introduction to Sociology (3)

Major Requirements

- DH 231 Oral Anatomy and Tooth Morphology (2)
- DH 231L Oral Anatomy and Tooth Morphology Lab (2)
- DH 238 Basic Dental Hygiene I (2)
- DH 238L Basic Dental Hygiene I Lab (1)
- DH 239L Basic Dental Hygiene I Lab (1)
- DH 240 Basic Dental Hygiene II (2)
- DH 240L Basic Dental Hygiene Lab/Clinic (1)
- DH 241L Basic Dental Hygiene Lab/Clinic (1)
- DH 242L Basic Dental Hygiene Lab/Clinic (1)
- DH 250 General and Oral Histology and Embryology (2)
- DH 251 General and Oral Histology and Embryology (1)
- DH 281 Dental Radiography (2)
- DH 281L Dental Radiography Lab/Clinic (1)
- DH 361 Health Education and Promotion (2)
- DH 366 General and Oral Pathology (2)
- DH 367 General and Oral Pathology (1)
- DH 369 Dental Materials (1)
- DH 369L Dental Materials Lab/Clinic (1)
- DH 370 Expanded Functions in Dental Hygiene (2)
- DH 370L Expanded Functions Lab/Clinic (1)
- DH 375 Clinical Dental Hygiene I (2)
- DH 375L Clinical Dental Hygiene I Clinic (1)
- DH 376L Clinical Dental Hygiene I Clinic (1)
- DH 377L Clinical Dental Hygiene I Clinic (1)
- DH 378L Clinical Dental Hygiene I Clinic (1)
- DH 380 Clinical Dental Hygiene II (2)
- DH 380L Clinical Dental Hygiene II Clinic (1)
- DH 381L Clinical Dental Hygiene II Clinic (1)
- DH 382L Clinical Dental Hygiene II Clinic (1)
- DH 389 Pain Control and Local Anesthesia in Dentistry (2)
- DH 390 Periodontology I (2)
- DH 391 Periodontology II (2)
- DH 473 Community Health (3)
- DH 475 Advanced Clinical Dental Hygiene II (2)
- DH 475L Advanced Dental Hygiene I Clinic A (1)
- DH 476L Advanced Dental Hygiene I Clinic B (1)
- DH 477L Advanced Dental Hygiene I Clinic C (1)
- DH 478L Advanced Dental Hygiene I Clinic D (1)
- DH 480 Advanced Clinical Dental Hygiene II (2)
- DH 480L Advanced Clinical Dental Hygiene II Clinic (1)
- DH 481L Advanced Clinical Dental Hygiene II Clinic (1)
- DH 482L Advanced Clinical Dental Hygiene II Clinic (1)
- DH 483L Advanced Clinical Dental Hygiene II Clinic (1)
- NURS 363 Introduction to Nursing Research (3)
- PHRM 203 General Pharmacology (3)
- PUBA 301 Health Care Administration (3) (UH-West Oahu)

R. Ryburn, DrPH—pediatrics, complementary care
J. Shultz, DrPH—community health, adult health

Degrees and Certificate Offered: BS, nursing major; MS, nursing major; DNP, PhD in nursing

The Nursing Profession

Nursing is a dynamic profession that brings many rewards and career advancement opportunities to those committed to lifelong learning. The nurse is a valuable member of the healthcare team and plays a key role in addressing the increasing demand for safe, high quality, and effective healthcare.

UH Mānoa Nursing offers a continuum of academic programs with a rich nursing curriculum enhanced by innovative, technological resources such as the UH Translational Health Science Simulation Center and web-based distance learning. Highly qualified and clinically competent faculty, valuable clinical practicums, endeavors in research and scholarship, and internship and interdisciplinary study opportunities are an integral part of the UH Mānoa Nursing program experience.

The Academic Program

UH Mānoa Nursing offers multiple pathways and degrees to further one's career goals, whether you are entering the program directly from high school or as a consortium college student, choosing a second career in nursing, or advancing your nursing career with a graduate degree.

The bachelor of science in nursing degree prepares beginning-level generalist professional nurses to deliver care to individuals in a variety of health-care settings, meet the state requirements for eligibility to take the National Council Licensure Examination-Registered Nurse (NCLEX-RN), and obtain a sound basis for graduate study in nursing. (for more information about the NCLEX-RN, please visit the SONDH website: www.nursing.hawaii.edu/licenseandnclex).

The master of science (MS), nursing major degree program prepares the student in advanced population health. The Graduate Entry Program in Nursing (GEPN) admits the student with a bachelor's degree or higher in non-nursing areas.

The Doctor of Nursing Practice (DNP) program is designed as a professional (practice) doctorate integrating evidence-based practice, quality improvement, and systems leadership to prepare experts in specialized advanced nursing practice.

The PhD in nursing prepares nursing scholars with particular strength in culturally appropriate clinical research aimed at improving the health of people in diverse populations and to teach in nursing education programs, especially those with underrepresented student populations.

Advising

Office of Student Services
Webster 201
Honolulu, HI 96822
Tel: (808) 956-8939
Email: nursing@hawaii.edu

Potential applicants are highly encouraged to review the program documents posted on our website. Pre-advising is available at both the graduate and undergraduate level for information on application procedures, program description, and degree requirement completion.

Distance Education

A variety of technologies are used in distance education including videoconferencing, HITS, web-based methods, or a combination of technologies. All policies and procedures that apply to UH Mānoa students apply to students enrolled in distance learning programs.

Accreditation

The baccalaureate degree in nursing, master's degree in nursing, and Doctor of Nursing Practice program at UH Mānoa are accredited by the Commission on Collegiate Nursing Education (www.aacn.nche.edu/ccne-accreditation). UH Mānoa's nursing programs are recognized by the Hawai'i Board of Nursing.

Special Requirements

Nursing students are expected to participate in clinical and field work experiences in many community agencies at variously scheduled times. Therefore, students must make time and transportation arrangements to accommodate an irregular academic schedule.

Students with prerequisite course deficiencies may not register for or attend clinical courses. Students must satisfy any additional requirements set forth by the clinical agencies; students with course deficiencies may not attend clinical courses.

Criminal Background Checks And Drug Testing

Hospitals and other clinical agencies require a criminal background check and drug testing of students in order to meet their hospital accreditation requirements. The Department of Nursing will not be collecting this information. It is the student's responsibility to provide this information to the clinical facilities, if requested.

It is the responsibility of the student to satisfactorily complete affiliated hospital background checks and drug testing requirements in accordance with procedures and timelines as prescribed by the affiliated hospital. Nursing students are required to complete UH prescribed academic requirements that involve clinical practice in a UH-affiliated hospital setting with no substitution allowable. Failure of a student to complete the prescribed UH nursing clinical practice in a UH-affiliated hospital shall be deemed as not satisfying nursing academic program requirements.

If the requirements set forth by the hospital are not met by the individual student, the university is not responsible to provide a substitute clinical facility or clinical experience. Therefore, refusal of a hospital or clinical facility to allow a student in their clinical facility due to negative information may result in the inability of the student to continue in the nursing program.

Health Requirements

Upon entrance into the program, students must have all of the following:

1. Health Clearance:
 - Tuberculosis Clearance (annual)
 - Record of immunity to Hepatitis-B, Tetanus/Diphtheria/

Pertussis (Tdap), Mumps, Rubella, and Varicella.

Specific programs may require additional clearances. Upon admission, each student will be contacted by the Office of Student Services to discuss the type and schedule of health clearances required for their program.

2. Health insurance

BLS CPR

Upon entrance into the program, students must have Current BLS/Healthcare Provider CPR Certification. Students must have a valid BLS/Healthcare Provider CPR card while in the program and will need to recertify as needed.

For more information regarding any of these special requirements, please visit the SONDH website at www.nursing.hawaii.edu/nursingstudentresources.

Undergraduate Study

With the BS degree, the student is prepared for graduate education and continued career development.

The Department of Nursing's undergraduate program provides five pathways to the bachelor of science degree:

- High School Direct Entry into Nursing (HS-DEN) Program
- Hawaii Statewide Nursing Consortium (HSNC)
- Hawaii Statewide Nursing Consortium (HSNC) for ADN Graduates from participating UH Community Colleges
- RN to Bachelor of Science
- Executive RN to Bachelor of Science

Applicants are strongly advised to attend an informational session at the School of Nursing and Dental Hygiene before submitting an application to the program. For more information, please visit the SONDH website at www.nursing.hawaii.edu.

Bachelor's Degree

The graduate of the BS program is prepared to:

- Advocate and provide high quality care to improve and maintain the health of a diverse society
- Direct, supervise and collaborate with others to organize care
- Advance the profession through lifelong learning, participate in professional organizations and practice in a confident, competent, compassionate and accountable manner
- Develop culturally appropriate clinical knowledge by examining, processing and disseminating knowledge to improve and maintain the health of a diverse society.

UH Mānoa Nursing, together with UH Kapiolani Community College, UH Maui College, and UH Kauai Community College, offer the "Hawai'i Statewide Nursing Consortium" curriculum as a unified approach to meet Hawai'i's need for baccalaureate (BS) registered nurses. The courses were developed to ensure a seamless education pathway to the bachelor's degree for UH Mānoa students.

High School Direct Entry into Nursing (HS-DEN)–BS in Nursing Pathway

For high school graduates

This baccalaureate nursing pathway is designed for high school graduates and provides an opportunity for admission into the nursing program directly after high school graduation. The pathway includes 1 year of pre-nursing course work followed by 3 years of nursing and General Education courses

required for graduation. Students who complete the degree are eligible to take the RN licensure examination (NCLEX-RN).

During their freshman year, students join an intensive learning community designed for the HS-DEN pathway. This will ensure proper registration and provides the opportunity to network with current nursing students, the department, and the nursing community. Students enroll in NURS 200 (1 cr) and NURS 201 (1 cr) during their freshman year.

Upon successful completion of the first year course work, students take the required nursing courses (as detailed under Hawai'i Statewide Nursing Consortium BS in Nursing Curriculum) along with remaining general education graduation requirements.

Admission Requirements

The program admits high school students who are eligible for admission to UH Mānoa and meet the UH Mānoa Nursing requirements noted below.

1. Department of Nursing application (available at NursingCAS at www.nursingcas.org)
2. SAT: Evidence-Based Reading and Writing 510 and Math 510 or ACT: Reading 22 and Math 22
3. High school Grade Point Average (GPA): 3.0 cumulative GPA at the end of the junior year in high school.

Application Requirements

Submit a completed UH System application for UH Mānoa and declare NURSING as your major. Submit a UH Mānoa Nursing application available at NursingCAS at www.nursingcas.org. For more information, please visit the SONDH website at www.nursing.hawaii.edu.

Application Deadline

January 5 (Fall admission only)

All documents, including the UH System application, must be received by the Office of Student Services no later than the deadline. It is highly recommended that the UH System Application be submitted 4-6 weeks prior to the SONDH deadline in order to allow ample processing time in the Office of Admissions. Applications received after the deadline will not be accepted. For more information, please visit our website at www.nursing.hawaii.edu.

Hawai'i Statewide Nursing Consortium (HSNC)– BS in Nursing Pathway

For current UH Mānoa and transferring college students without an RN

Students admitted directly to UH Mānoa's nursing program complete the 3 year nursing curriculum at UH Mānoa.

Required Nursing Courses /Credits

- NURS 210/210L (3/6)
- NURS 211 (2)
- NURS 212 (3)
- NURS 220/220L (3/6)
- NURS 320/320L (4/6)
- NURS 360/360L (3/6)
- NURS 363 (3)
- NURS 450/450L (2/3)
- NURS 452 (3)
- NURS 453 (3)
- NURS 460/460L (4/6)
- NURS 461 (3)
- NURS 465/465L (3/2)

For the Bachelor Degree Program Sheet, go to www.manoa.hawaii.edu/ovcaa/programsheets/.

Admission Requirements

To qualify for admission to the Department of Nursing, applicants must complete the following pre-nursing requirements by the established deadlines:

1. Classified status at UH Mānoa for the application term (unclassified, graduating, new, returning, and transfer students must complete the UH System Application);
2. Minimum cumulative GPA of 3.0 or better;
3. Department of Nursing application (available at NursingCAS at www.nursingcas.org);
4. Prerequisites: 16 credits of prerequisites credits must be satisfactorily completed at the time of application, of which MUST include 1 PHYL lecture/lab and MICR 130. Applicants must complete all remaining prerequisites by August 1 to remain eligible for admission. No substitutions are allowed.
 - a. The following courses must be completed with a minimum grade of C (not C-):
 - *1 FW course, *1 FG course, 2 DS (PSY 100, HDFS 230) 1 DA course (COMG 151 or 251), 1 DP course (CHEM 151, 152, 161, 162, BIOC 241, 244, or 341).
 - b. The following courses must be completed with a minimum grade of B (not B-):
 - *1 FS/FQ course, PHYL 141/141L, PHYL 142/142L, MICR 130.

*Designated by UH Mānoa as General Education courses. These may be found in the "Undergraduate General Education Requirements" section of this Catalog. Students already holding degrees or certificates are not exempt from these requirements.

5. For Pre-Admission Exam requirements, see the website at www.nursing.hawaii.edu.

Application Requirements

Submit a completed UH System application for UH Mānoa or be a continuing classified student at UH Mānoa. Submit a Department of Nursing application available at NursingCAS at www.nursingcas.org to include an electronic copy of your exam scores and current student schedule (non-UH applicants only) demonstrating current registration in any outstanding prerequisite courses. For more information, please visit the SONDH website at www.nursing.hawaii.edu.

Application Deadline

January 5 (Fall admission only)

All documents, including the UH System application, must be received by the Office of Student Services no later than the deadline. It is highly recommended that the UH System Application be submitted 4-6 weeks prior to the SONDH deadline in order to allow ample processing time in the Office of Admissions. Applications received after the deadline will not be accepted. For more information, please visit our website at www.nursing.hawaii.edu.

Hawai'i Statewide Nursing Consortium (HSNC)– BS in Nursing for ADN Graduates from the Consortium Pathway

For ADN graduates from a UH Consortium Program

The Hawai'i Statewide Nursing Consortium's (HSNC) Bachelor of Science (BS) in Nursing pathway for associate degree nursing (ADN) graduates is a statewide continuing consortium nursing curriculum available to UH students from Maui College, Kaua'i Community College, and Kapi'olani

Community College. The HSNC program is designed to provide an efficient pathway to the baccalaureate for the RN with an associate degree. The pathway builds upon initial nursing preparation with course work to enhance professional development, prepare for a broader scope of practice, and provide an increased understanding of the cultural, economic, and social issues that affect the delivery of safe, quality patient care (American Association of Colleges of Nursing, 2011).

Students admitted to the associate degree nursing programs at Kapi'olani, Maui, or Kaua'i complete prerequisites and 2 years of the nursing curriculum at their home campus. UH Mānoa senior year didactic courses are offered via distance based education, and the clinical courses are offered on Maui and Kaua'i. Students complete the final year of the nursing curriculum and receive the bachelor's degree from UH Mānoa.

For further information, contact the Office of Student Services at (808) 956-8939 or visit our website at www.nursing.hawaii.edu.

Required Nursing Courses completed at the participating UH community college

- NURS 210 (9)
- NURS 211 (1)
- NURS 212 (3)
- NURS 220 (10)
- NURS 320 (10)
- NURS 360 (9)
- NURS 362 (1)
- NURS 363 (3)

Year 4 Courses completed at UHM

- NURS 450/450L (2/3)
- NURS 452 (3)
- NURS 453 (3)
- NURS 460/460L (4/6)
- NURS 461 (3)
- Approved nursing electives (6)

For the BS in Nursing for ADN graduates Bachelor Degree Program Sheet, go to www.manoa.hawaii.edu/ovcaal/programsheets/#nursing.

Admission Requirements

To qualify for admission to the Department of Nursing, applicants must complete the following requirements by the established deadlines:

1. Documentation of graduation from associate degree HSNC program within the past 2 years (all other may apply to the RN to BS or Executive RN to BS programs, as appropriate);
2. Classified status at UH Mānoa for the application term (unclassified, graduating, new, returning, and transfer students must complete the UH System Application);
3. Minimum cumulative GPA of 2.5 or better;
4. Department of Nursing application available at NursingCAS at www.nursingcas.org;
5. Minimum grade of C (not C-) in the following prerequisite courses:
 - *1 FW course, *1 FS course, *2 FG courses from different groups, *2 DA/H/L courses from different groups, *2 DS courses from different departments, *1 DP course, 11 credits of *Natural Sciences, PHRM 203, Statistics, NURS 363.

*Designated by UH Mānoa as General Education courses. These may be found in the "Undergraduate General Education Requirements" section of this *Catalog*. Students already holding degrees or certificates are not exempt from these requirements.

Application Requirements

Submit a completed UH System application for UH Mānoa or be a continuing classified student at UH Mānoa. Submit a Department of Nursing application available at NursingCAS at www.nursingcas.org. For more information, please visit the SONDH website at www.nursing.hawaii.edu.

Application Deadline

January 5 (Fall admission only)

All documents, including the UH System application, must be received by the Office of Student Services no later than the deadline. It is highly recommended that the UH System Application be submitted 4-6 weeks prior to the SONDH deadline in order to allow ample processing time in the Office of Admissions. Applications received after the deadline will not be accepted. For more information, please visit our website at www.nursing.hawaii.edu.

RN to BS in Nursing Pathway

For non-HSNC ADN or nursing diploma graduates

The RN to Bachelor of Science (BS) in Nursing pathway for associate degree nursing (ADN) or diploma graduates, is a complement to the statewide HSCN consortium nursing curriculum. It is designed to provide an efficient pathway to the baccalaureate degree. The pathway builds upon initial nursing preparation with course work to enhance professional development, prepare for a broader scope of practice, and provide an increased understanding of the cultural, economic, and social issues that affect the delivery of safe, quality patient care (American Association of Colleges of Nursing, 2011).

Students enter the program in the fall. Maui and Kauai students take didactic course via distance-based education; clinical courses are offered on-site.

Admission to the program requires completion of 44 credits of lower division prerequisite course work. Upon admission, each student will receive a personalized review of completed course work to create an individualized progression plan. Credit is provided for up to 42 credits of course work completed in the associate degree (35 credits) and other general elective course work (7 credits). A total of 120 credits are required for the baccalaureate degree.

34 credits of upper division nursing course work with a grade of C (not C-) is required for the program. The upper division nursing course work includes two didactic courses that must be completed before beginning clinical course work.

Required Upper Division Nursing Courses/Credits

Courses Required Prior to Clinical Course work

- NURS 301 (3)
- NURS 363 (3)

400-Level Nursing Courses

- NURS 452 (3)
- NURS 453 (3)
- NURS 460/460L (4/6)
- NURS 461 (3)
- NURS 462/462L (3/3)*
- Approved nursing electives (3)

*The student with less than 2 years of work experience as an RN at the time of entry will take NURS 450/450L (2/3), instead of NURS 462/462, AND 4 credits of nursing elective(s).

Admission Requirements

To be admitted, applicants must complete the following requirements by the established deadlines:

To qualify for admission to the Department of Nursing, applicants must complete the following requirements by the established deadlines:

1. Documentation of graduation from an accredited associate degree or diploma nursing program;
2. Current unrestricted RN license in state or jurisdiction of practice. Applicants who have not passed the NCLEX-RN exam must provide evidence of passing the NCLEX-RN exam and have a current RN license in the state or jurisdiction of practice by the end of the first semester of the program.
3. Classified status at UH Mānoa for the application term (unclassified, graduating, new, returning, and transfer students must complete the UH System Application);
4. A GPA of 2.0 or better if transferring from a UH System campus; a GPA of 2.5 or better if transferring from a non-UH System campus;
5. Department of Nursing application available at NursingCAS at www.nursingcas.org;
6. Minimum grade of C (not C-) in the following prerequisite courses:
*1 FW course, *1 FS course, *2 FG courses from different groups, *2 DA/H/L courses from different groups, *2 DS courses from different departments, *1 DP course, 11 credits of *Natural Sciences, PHRM 203, Statistics.

*Designated by UH Mānoa as General Education courses. These may be found in the "Undergraduate General Education Requirements" section of this *Catalog*. Students already holding degrees or certificates are not exempt from these requirements.

Application Requirements

Submit a completed UH System application for UH Mānoa or be a continuing classified student at UH Mānoa. Submit a Department of Nursing application (available at NursingCAS at www.nursingcas.org) and current student schedule (non-UH applicants only) demonstrating current registration in any outstanding prerequisite courses. For more information, please visit the SONDH website at www.nursing.hawaii.edu.

Application Deadline

January 5 (Fall admission only)

All documents, including the UH System application, must be received by the Office of Student Services no later than the deadline. It is highly recommended that the UH System Application be submitted 4-6 weeks prior to the SONDH deadline in order to allow ample processing time in the Office of Admissions. Applications received after the deadline will not be accepted. For more information, please visit our website at www.nursing.hawaii.edu.

Executive RN to BS in Nursing Pathway

For ADN graduates with 2 or more years of RN experience

The Executive RN to BS is designed to provide an efficient pathway to the baccalaureate for the RN with an associate degree and a minimum of 2 years work experience as an RN. The cohort pathway builds upon initial nursing preparation with course work to enhance professional development, prepare for a broader scope of practice, and provide an increased understanding of the cultural, economic, and social issues that affect the delivery of safe, quality patient care.

The cohort pathway is designed for learners who thrive in a setting with guided independent study, and a collegial relationship with faculty and peer students. Students enter the program in the fall; courses are accelerated and delivered in a hybrid format.

Admission to the program requires completion of 45 credits of lower division prerequisite course work. Upon admission, each student will receive a personalized review of completed course work to create an individualized progression plan. Credit is provided for up to 35 credits of course work completed in the associate degree and other general elective course work. A total of 120 credits are required for the baccalaureate degree.

40 credits of prerequisites and upper division nursing course work with a grade of C (not C-) is required for the program. The upper division nursing course work includes two "prerequisite courses" that must be completed before advancing to clinical course work.

Note: the program is offered only when application numbers are sufficient.

Required Nursing Courses/Credits

- NURS 301 (3)*
- NURS 306 (3)*
- NURS 363 (3)
- NURS 452 (3)
- NURS 453 (3)
- NURS 460/460L (4/6)**
- NURS 461 (3)
- NURS 462/462L (3/3)
- Approved nursing electives (6)

Nursing Prerequisite Courses (required prior to all other courses)

**An experiential portfolio option for course credit is available to students who believe they meet the outcomes of this course through prior learning and/or professional nursing experience. Through the portfolio process, you may be able to meet course requirements by documenting evidence of your nursing skills and experience.

For information on the Executive RN to BS in Nursing Bachelor Degree Program Sheet, go to www.manoa.hawaii.edu/ovcaa/programsheets/#nursing.

Admission Requirements

To qualify for admission to the Department of Nursing, applicants must complete the following requirements by the established deadlines:

1. Documentation of graduation from an accredited associate degree or diploma nursing program;
2. Current unrestricted RN license in the state or jurisdiction of practice.
3. A minimum of 2 years work experience as an RN at the time of application.
4. Classified status at UH Mānoa for the application term (unclassified, graduating, new, returning, and transfer students must complete the UH System Application);
5. A GPA of 2.0 or better if transferring from a UH System campus; a GPA of 2.5 or better if transferring from a non-UH System campus;
6. Department of Nursing application (available at NursingCAS at www.nursingcas.org)
7. Minimum grade of C (not C-) in the following prerequisite courses:
*1 FW course, *1 FS course, *2 FG courses from different groups, *2 DA/H/L courses from different groups, *2 DS courses from different departments, 7 credits of *Natural Sciences.

*Designated by UH Mānoa as General Education courses. These may be found in the "Undergraduate General Education Requirements" section of this *Catalog*. Students already holding degrees or certificates are not exempt from these requirements.

Application Requirements

Submit a completed UH System application for UH Mānoa or be a continuing classified student at UH Mānoa. Submit a

Department of Nursing application (available at NursingCAS at www.nursingcas.org) to include a copy of your current RN license and current student schedule (non-UH applicants only) demonstrating current registration in any outstanding prerequisite courses. For more information, please visit the SONDH website at www.nursing.hawaii.edu.

Application Deadline

January 5 (Fall Admission only)

All documents, including the UH System application, must be received by the Office of Student Services no later than the deadline. It is highly recommended that the UH System Application be submitted 4-6 weeks prior to the SONDH deadline in order to allow ample processing time in the Office of Admissions. Applications received after the deadline will not be accepted. For more information, please visit our website at www.nursing.hawaii.edu.

Graduate Study

UH Mānoa School of Nursing and Dental Hygiene offers graduate nursing education at the master's and doctoral levels to prepare nurses with advanced skills for the dynamic nursing profession.

UH Mānoa nurses with graduate preparation provide direct and indirect patient care at an advanced level with a focus on the adult, family, geriatric, and population health areas; conduct research; teach; lead health systems; create public policy; and implement evidence-based solutions in healthcare. Nurses with master's or doctoral degrees impact the systems level design and implementation of care.

Graduate nursing courses are offered in online, face-to-face, and hybrid formats. Programs may be part-time or full-time, depending on the pathway.

Pathways

The pathways provide a seamless, accelerated approach to a graduate nursing degree for:

- *Non-nurses with a bachelor's degree or higher in a field other than nursing:* Graduate Entry Program in Nursing (GEPN) pathway to the MS, DNP, and PhD
- *RNs with a bachelor's degree in nursing:* MS, DNP, and PhD
- *RNs with a bachelor's degree in a non-nursing field:* MS, DNP, and PhD
- *RNs with a master's degree:* MS, DNP, and PhD

Degrees and Specialties

The school offers the following degrees and specialty focus areas:

- Master of Science: *prepares the nurse for an advanced role*
 - Advanced Population Health Nursing (APHN)
- Doctor of Nursing Practice (DNP): *provides the terminal degree in nursing practice*
 - Adult-Gerontology Primary Care Nurse Practitioner (AGPCNP)
 - Family Nurse Practitioner (FNP)
 - Masters in Business Administration to DNP
 - Advanced Nursing Practice
- PhD in Nursing: *prepares the nurse for a career in research*

For additional information about graduate program offerings, please visit the SONDH website at www.nursing.hawaii.edu/graduate.

Graduate Entry Program in Nursing (GEPN)

The Graduate Entry Program in Nursing is designed for adult learners with no prior nursing experience or education and who have a baccalaureate degree or higher in a field other than nursing. This program equips students with entry-level professional nurse competencies as a foundation for advanced practice roles.

The program uses a cohort model that consists of a pre-licensure year of rigorous and intensive study that is delivered across three continuous semesters. Upon completion of the first year, the students will transition into their graduate specialty track and begin courses for their advanced degree. Depending on the selected specialty area, students may graduate with the MS, DNP, or PhD degree.

The first year curriculum is based on a competency model appropriate for graduate level adult learners. Active learning strategies are emphasized including clinical experience and simulation based learning to inform the actions of the nurse. A substantial amount of the curriculum is clinical practicum in hospital/health care settings where students are actively engaged in nursing care under the supervision and guidance of faculty. Threaded throughout the curriculum are evidence-based principles, patient safety, and cultural diversity as well as the various contexts (i.e., historical & social) of nursing, nursing roles, and the core values of the profession.

Upon successful completion of the GEPN pre-licensure year, the student is required to take and pass the National Council Licensure Examination—Registered Nurse (NCLEX-RN). Students immediately transition into their chosen specialty track after successful completion of the pre-licensure year. In order to progress beyond the first semester of specialty study, students must obtain a registered nurse license. The post-licensure specialty curriculum prepares students for their chosen role in advanced nursing.

Admission Requirements

Applicants must meet the requirements of both the Graduate Division and the Department of Nursing for admission to the program. Admission and application requirements vary by the pathway.

1. Education: Baccalaureate degree (or higher) in any field from an accredited college or university earned by **July 15** of the year admitted to the program.
2. Minimum grade point average (GPA) of 3.0 or above on a 4.0 scale.
3. Prerequisite courses must be completed by August 1 prior to fall admission. If you are taking courses after your application has been submitted, please send in a copy of the course registration as soon as you have registered.
 - a. The following pre-requisite courses must be completed with a grade of B or better:
 - Two semesters of Human Anatomy and Physiology with lab
 - One semester of General Microbiology lecture course (lab not required)
 - b. The following courses must be completed with a grade of C or better:
 - One semester of Nutrition
 - One semester of Human Growth and Development
 - One semester of an upper division or graduate level Research course
4. English Language Proficiency: If applicant's native language

is not English or has not obtained a bachelor's or master's degree from an English speaking college, then the applicant must submit either official Test of English as a Foreign Language (TOEFL) scores with a minimum score of 600, or International English Language Testing System (IELTS) scores with a minimum score of 6.00.

5. Licensure. Before beginning the second semester of the MS, DNP, or PhD Program, GEPN students must submit evidence of having passed the NCLEX-RN exam and an active RN license in the state or jurisdiction of practice. Students who do not take or pass the NCLEX-RN exam may not continue to progress in the specialty courses until the receipt of the RN license.

Application Requirements

Prior to submitting an application, please download and review the important information contained in the complete application instruction packet on the SONDH website (www.nursing.hawaii.edu/graduate/gepn/howtoapply).

1. Graduate Division application and fee (apply.hawaii.edu)
2. NursingCAS application and fee (www.nursingcas.org)
3. Resume/CV
4. An uploaded letter of recommendation
5. MS, DNP, and PhD applicants must submit an essay in response to questions provided (500 word maximum)

Application Deadline

January 5 (Fall admission only)

The GEPN program uses a rolling admission model. Applications are reviewed upon submission and applicants are notified as decisions are made.

RN to MS Program (with non-nursing baccalaureate)

The RN to MS Program (with non-nursing baccalaureate) is designed for registered nurses (RNs) who are graduates of an accredited associate degree or diploma program and have a baccalaureate degree in an area other than nursing. The admission progression and graduation requirements are the same as the master's program. In addition, all applicants to the MS program in the SONDH must have successfully completed an undergraduate statistics course.

Applicants with a non-nursing baccalaureate should have evidence of baccalaureate level knowledge in research (NURS 363); community, public, and global health (NURS 450); and an integrative clinical practicum and leadership development (NURS 460) within the last seven years. Competency in each of the three areas may have been obtained through course work, professional programs, and/or professional or life experience.

The admitted student can petition to waive the course work by submitting an experiential portfolio to demonstrate either course work or experience in the required areas. Samples of evidence include: resume, transcripts for previous college course work; course syllabi which outline course descriptions and

learning objectives; professional training programs course work that includes learning objectives. Guidelines for the experiential portfolio are available from the Nursing Office of Student Services.

Admission Requirements

Applicants must meet the requirements of both the Graduate Division and the Department of Nursing for admission to the program. Admission and application requirements vary by the pathway.

Prospective students apply for admission to the Advanced Public Health Nursing specialty.

1. Education: Baccalaureate degree (or higher) in any field from an accredited college or university earned by July 15 of the year admitted to the program.
2. Minimum grade point average (GPA) of 3.0 or above on a 4.0 scale.
3. Licensure: Current unrestricted RN license in the state or jurisdiction of practice.
4. English Language Proficiency: If an applicant's native language is not English or has not obtained a bachelor's or master's degree from an English speaking college, then the applicant must submit either official Test of English as a Foreign Language (TOEFL) scores with a minimum score of 600, or International English Language Testing System (IELTS) scores with a minimum score of 6.00.

Application Requirements

Prior to submitting an application, please download and review the important information contained in the complete application instruction packet on the SONDH website (www.nursing.hawaii.edu/graduate/rntoms/howtoapply).

1. Graduate Division application and fee (apply.hawaii.edu)
2. NursingCAS application and fee (www.nursingcas.org)
3. Resume/CV
4. RN license (see admission requirements)
5. Essay in response to question provided (500 word maximum)

Application Deadline

January 5 (Fall admission only)

The RN to MS program uses a rolling admission model. Applications are reviewed upon submission and applicants are notified as decisions are made.

Master's Degree in Advanced Population Health Nursing

The Master of Science (MS) program is designed for registered nurses who seek to expand their knowledge and expertise to assume leadership roles in population health nursing.

A total of 30 credits is required to receive the MS degree in Advanced Population Health Nursing. Part-time and full-time study options are available. Faculty provide individual student advising to develop a program of study that facilitates student progression through the program.

The Advanced Population Health Nursing (APHN) Program is a distance based master's in nursing degree for registered nurses who wish to practice in Hawai'i, the U.S., and international settings. Course work is completed via online learning and fieldwork that is conducted in the student's own local community. The APHN program focuses on population-level health, wellness, health promotion, and disease prevention.

The students learn critical population health skills such as community and population assessment; complex project/program management; global health, disaster nursing, health services research and health policy analysis. The aim of the program is to educate the future leaders for population health nursing. The course work pathway requires a minimum of 30 credits to graduate. At the conclusion of the program, the students are awarded a Master of Science degree.

Admission Requirements

Applicants must meet the requirements of both the Graduate Division and the Department of Nursing for admission to the program. Admission and application requirements vary by the pathway.

GEPN to MS Pathway

Non-nurses may apply to the Graduate Entry Program in Nursing (GEPN) to MS pathway. Please see the GEPN section above for pathway specific deadlines and requirements.

RN (Associate Degree) to MS Pathway

Associate degree RNs with a baccalaureate degree in another field may apply to the RN to MS pathway. Please see the RN to MS section above for pathway specific deadlines and requirements.

Bachelor's to MS Pathway

1. Education: Baccalaureate degree (or higher) in any field from an accredited college or earned by **July 15** of the year admitted to the program.
 - a. Admission is contingent upon completion of the baccalaureate degree requirements no later than the first day of class of the first semester of master's course work.
 - b. Minimum grade point average (GPA) of 3.0 or above on a 4.0 scale.
2. Licensure*. Current unrestricted RN license in state or jurisdiction of practice. Applicants completing their baccalaureate degree who have not passed the NCLEX-RN exam yet, must provide evidence of passing the NCLEX-RN exam and have a current RN license in the state or jurisdiction of practice before beginning the second semester of the master's program.
3. Research Course Completion. Successful completion of an undergraduate research course or equivalent within 7 years.
4. English Language Proficiency: If an applicant's native language is not English or has not obtained a bachelor's or master's degree from an English speaking college, then the applicant must submit either official Test of English as a Foreign Language (TOEFL) scores with a minimum score of 600, or International English Language Testing System (IELTS) scores with a minimum score of 6.00.

*Note: special cohorts of international students may be admitted. These applicants must have a bachelor's degree in nursing and be licensed or credentialed in the country of origin. All other admission requirements must be met.

Application Requirements

Prior to submitting an application, please download and review the important information contained in the complete application instruction packet on the SONDH website (www.nursing.hawaii.edu/graduate/masters/howtoapply).

1. Graduate Division application and fee (apply.hawaii.edu)
2. NursingCAS application and fee (www.nursingcas.org)
3. Resume/CV
4. RN license (see admission requirements)
5. Essay in response to question provided (500 word maximum)

Application Deadline

January 5 (Fall admission only)

The masters program uses a rolling admission model. Applications are reviewed upon submission and applicants are notified as decisions are made.

Doctor of Nursing Practice (DNP) Degree

The DNP program offers the terminal degree in Nursing Practice and is designed as a post-baccalaureate or higher degree program to meet our statewide demand for highly competent nursing workforce equipped with the skills to ensure the delivery of safe, quality nursing care. The curriculum incorporates the AACN Essentials for Doctoral Education for Advanced Nursing Practice as the foundation for the curriculum, integrating evidence based practice, quality improvement, and systems leadership to prepare experts in specialized advanced nursing practice.

Partnership in the Nursing Education Exchange

UH Mānoa is a member of NEXus (The Nursing Education Xchange). NEXus is a collaboration between participating doctoral programs in nursing that allows doctoral students enrolled at member colleges and universities to take courses that may not be offered at his or her home institution for a common price.

DNP Degree Specialties

Adult-Gerontology Primary Care Nurse Practitioner Specialty

The Adult-Gerontology Primary Care Nurse Practitioner (AGPCNP) specialty prepares students to provide comprehensive primary, acute, and chronic care services to young, older, and elderly adult patients in a variety of community and long-term care settings.

Special emphasis is placed on the delivery of care to vulnerable populations in a changing health system. The program consists of core advanced practice registered nurse courses with specialty courses in adult-gerontology health. The specialty requires 77 credits, including 720 supervised clinical hours.

Program Outcomes

At the conclusion of the program, the student is eligible to obtain national certification as an Adult Gerontology Primary Care Nurse Practitioner (AGPCNP) Nurse Practitioner and awarded a Doctor of Nursing practice (DNP). The graduate is prepared to:

1. Assume the responsibilities of a AGPCNP with expertise in the provision of primary care for young, older and elderly adults; and
2. Assume a leadership role in translating emerging science to improve clinical practice and population-based health care delivery.

Family Nurse Practitioner Specialty

The Family Nurse Practitioner (FNP) specialty prepares nurses to meet the primary care needs of individuals and families across the life span. Family nurse practitioners provide comprehensive, primary care services to patients of all ages within the context of family and community. Special emphasis is placed on the delivery of care to vulnerable populations in a changing health system. The program consists of core advanced practice registered nurse courses with specialty courses in

family health. The specialty requires 77 credits, including 720 supervised clinical hours.

Program Outcomes

At the conclusion of the program, the student is eligible to obtain national certification as a Family Nurse Practitioner and awarded a Doctor of Nursing Practice (DNP) degree. The graduate is prepared to:

1. Assume the responsibilities of a FNP with expertise in the provision of primary care to patients across the lifespan; and
2. Assume an emerging leadership role in translating science to improve clinical practice and population-based health care delivery.

Master's to Advanced Nursing Practice DNP

The program admits licensed RNs possessing a master's degree. The program prepares students to serve as leaders in clinical and executive positions within the larger healthcare system, translating emerging science to improve patient and population-based care, and inform health policy. Students complete 36-53 credits (30 didactic credits and a minimum of 6 credits for the DNP project) in two years including summer sessions.

Master's in Business Administration to DNP

The school reviews the MBA curriculum that the applicant has completed and may grant credit for completed course work. At UH Mānoa, the student must complete a minimum of 9 didactic credits and a varying number of clinical credits depending on practicum hours that the applicant completed during the MBA program. The DNP curriculum can be completed part-time over three semesters including summer sessions.

For information about the specific curriculum for each pathway, please visit the SONDH website at www.nursing.hawaii.edu/graduate/dnp.

Admission Requirements

Applicants must meet the requirements of both the Graduate Division and the Department of Nursing for admission to the program. Admission and application requirements vary by the pathway:

GEPN to DNP Pathway

Non-nurses may apply to the Graduate Entry Program in Nursing (GEPN) to DNP pathway. Please see the previous GEPN section for pathway specific deadlines and requirements.

Bachelor's (or higher) to DNP Pathway

Prospective students may apply for admission to the AGPCNP, FNP, and MBA to DNP specialties.

1. Education: Baccalaureate degree (or higher) from an accredited college or university
 - a. Admission is contingent upon completion of the bachelor's degree no later than the first day of the first semester of DNP course work.
 - b. Minimum grade point average (GPA) of 3.0 or above on a 4.0 scale
2. Licensure. Current unrestricted RN license in state or jurisdiction of practice. Applicants completing their baccalaureate degree who have not passed the NCLEX-RN exam yet must provide evidence of passing the NCLEX-RN exam and have a current RN license in the state or jurisdiction of practice before beginning the second semester of the DNP program.

3. English Language Proficiency: If an applicant's native language is not English or has not obtained a bachelor's or master's degree from an English speaking college, then the applicant must submit either official Test of English as a Foreign Language (TOEFL) scores with a minimum score of 600, or International English Language Testing System (IELTS) scores with a minimum score of 6.00.

Master's to DNP Pathway

1. Education: Master's degree (or higher) in any field from an accredited college or university.
 - a. Admission is contingent upon completion of the master's degree requirements no later than the first day of the first semester of DNP course work.
 - b. Minimum grade point average (GPA) of 3.0 or above on a 4.0 scale.
2. Licensure. Current unrestricted RN license in state or jurisdiction of practice where the student will conduct the DNP project.
3. National Certification. Copy of national certifications held, if applicable.
4. English Language Proficiency: If an applicant's native language is not English or has not obtained a bachelor's or master's degree from an English speaking college, then the applicant must submit either official Test of English as a Foreign Language (TOEFL) scores with a minimum score of 600, or International English Language Testing System (IELTS) scores with a minimum score of 6.00.

Application Requirements

Prior to submitting an application, please download and review the important information contained in the complete application instruction packet on the SONDH website (www.nursing.hawaii.edu/graduate/dnp/howtoapply).

Bachelor's to DNP Pathway

1. Graduate Division application and fee (apply.hawaii.edu)
2. NursingCAS application and fee (www.nursingcas.org)
3. Resume/CV
4. RN license, if applicable (see admission requirements)
5. Essay in response to question provided (500 word maximum)

Master's to DNP Pathway

1. Graduate Division application and fee (apply.hawaii.edu)
2. NursingCAS application and fee (www.nursingcas.org)
3. Resume/CV
4. RN license (see admission requirements)
5. Statement of objectives regarding proposed DNP project (500 words maximum)

Application Deadline

January 5 (Fall admission only)

The DNP program uses a rolling admission model. Applications are reviewed upon submission and applicants are notified as decisions are made.

PhD Degree

The PhD nursing program is designed to prepare visionary scholars with expertise in conducting research to improve the health of culturally diverse populations, especially in Hawai'i and the Pacific Basin regions and countries. The curriculum provides a strong foundation in research methodologies with each course contributing to the development of the dissertation study. The full-time program is rigorous and requires students demonstrate strong critical thinking and writing skills that allow them to coherently and logically communicate their course assignments, and their dissertation.

Students can enter the PhD program through one of the following pathways.

- RNs that have a baccalaureate or higher degree in nursing or another field
- Graduate Entry Program in Nursing (GEPN)—non-nurse with a baccalaureate degree in a field other than nursing

Program Outcomes

The goal of the program is to graduate independent nursing scholars capable of conducting research that generates new knowledge focusing on health and well being of a diverse population primarily from Hawai'i and the Asia/Pacific region.

Partnership in the Nursing Education Exchange

UH Mānoa is a member of NEXus (The Nursing Education Xchange). NEXus is a collaboration between participating doctoral programs in nursing that allows doctoral students enrolled at member colleges and universities to take courses that may not be offered at his or her home institution for a common price.

Admission Requirements

Applicants must meet the requirements of both the Graduate Division and the Department of Nursing for admission to the program. Admission and application requirements vary by the pathway:

GEPN to PhD Pathway

Non-nurses may apply to the Graduate Entry Program in Nursing (GEPN) to PhD pathway. Please see the previous GEPN section for pathway specific deadlines and requirements.

Bachelor's (or higher) to PhD Pathway

1. Education: Baccalaureate degree (or higher) in any field from an accredited college or university earned by July 15 of the year admitted to the program.
 - a. Admission is contingent upon completion of the baccalaureate degree requirements no later than the first day of the first semester of PhD course work.
 - b. Minimum grade point average (GPA) of 3.0 or above on a 4.0 scale.
2. Licensure. Current unrestricted RN license in state or jurisdiction of practice. Applicants must provide evidence of passing the NCLEX-RN exam and have a current RN license in the state or jurisdiction of practice before beginning the second semester of the PhD program.
3. English Language Proficiency: If an applicant's native language is not English or has not obtained a bachelor's or master's degree from an English speaking college, the applicant must submit either official Test of English as a Foreign Language (TOEFL) scores with a minimum score of 600, or International English Language Testing System (IELTS) scores with a minimum score of 6.00.

Master's to PhD Pathway

1. Education: Master's degree (or higher) in any field from an accredited college or university.
 - a. Admission is contingent upon completion of the master's degree requirements no later than the first day of the first semester of PhD course work.
 - b. Minimum grade point average (GPA) of 3.0 or above on a 4.0 scale.
2. Licensure. Current unrestricted RN license in state or jurisdiction of practice
3. English Language Proficiency: If an applicant's native language is not English or has not obtained a bachelor's or master's degree from an English speaking college, the applicant must submit either official Test of English as a Foreign Language (TOEFL) scores with a minimum score of 600, or International English Language Testing System (IELTS) scores with a minimum score of 6.00.

Application Requirements

Prior to submitting an application, please download and review the important information contained in the complete application instruction packet on the SONDH website (www.nursing.hawaii.edu/graduate/phd/howtoapply).

Bachelor's to PhD and Master's to PhD Pathway
